“Music City”

Commonly called “Country Music Capital of the World,” Nashville is also the Capital of Tennessee. It’s the health-care capital of the U.S., home to some 300 health-related companies. The city has more than two dozen higher education institutions including the renowned Vanderbilt University. Country music’s “Mother Church,” the Ryman Auditorium, the Grand Ole Opry and the Country Music Hall of Fame and Museum share the spotlight with a vibrant music performing, writing and production scene that attracts all genres. A vibrant economy is drawing young professionals, and the city’s downtown is sprouting new condominium developments to match its active nightlife. One reason the city ranked number three on Kiplinger’s Top 10 Best Value Cities. The Nashville region is a thriving community with low cost of living, diverse neighborhoods, strong economy, and great artistic and cultural scene.
