Medical Device Recruiting

Kaye/Bassman is the 11th largest retained search firm in the United States. Our Medical Device Practice specializes in identifying, attracting and acquiring top talented professionals for medical device, biotech and diagnostic companies. Our expertise includes placing professionals from board level and C-suite to mid and staff level professionals within the areas of executive management, marketing, product development, sales, quality, clinical, operations, manufacturing, regulatory, and reimbursement.

We are not interested in simply placing professionals for our client companies, but becoming an extension of them. Our Client Focused Search approach enables our clients to see us as a long-term partner and value-added resource allowing us to represent them in the highest manner. We deliver unparalleled results regardless of the functional area, industry sector, level of position or geographic location.

Our Practice has the tenure and the resources to help clients attract top talent and build a competitive advantage by utilizing our core focus of the industry. This core focus provides us a deep understanding and knowledge of the industry that others do not possess. We have a proven track record of placing highly skilled professionals for select clients by developing personal face-to-face relationships that is unrivaled in the marketplace. We succeed because of the tremendous value we place on long-term client and professional relationships.

We are also recognized as an industry expert for market knowledge by The Wall Street Journal, Fortune, Business Week, USA Today, Fox News, and CNN. We understand that no two companies are the same, and our Client Focused Search model and extensive experience gives us the ability to adapt to your changing needs or requirements.

Kaye/Bassman is a member of the International Executive Search Federation (IESF). The IESF is the world's largest retained search network. This partnership provides search capabilities and global reach with over 1,500 recruiters across 130 offices in 40 countries globally.
