Energy Renewable Resources

The Kaye/Bassman Renewable Resources Energy Recruiting Practice works with merchant energy, O&M, facility developers, financial institutions, engineering services and product companies throughout North America and Internationally. Our Renewable Energy Practice group is divided regionally and all three of these groups work on an international basis representative of those firms' North American Presence.

- East (All firms located east of Ohio)
- Midwest (All firms between Ohio and the Rocky Mountains)
- West (All firms located west of the Rocky Mountains)

For our Renewable clients we work on position search assignments for developers, project managers, design, electrical and mechanical engineering, senior and project finance professionals specifically with energy asset development experience. Our early entry into the renewable markets has given us the edge on other firms as this market prepares for explosive growth and we have already had the opportunity to identify the key players in each of our regional markets.

Kaye/Bassman Renewable Resources Energy Practice has the tenure and the resources to help clients address these staffing challenges. We have a proven track record of placing highly skilled candidates at key firms across the nation for select clients. We succeed because of the tremendous value we place on long-term client and candidate relationships. Regardless of your unique requirements, our *Market Mastery* and *Client Focused Search* approach has enabled us to deliver unparalleled results in any functional area, industry sector, level of position or geographic location.
